## MAKE YOUR GARDEN A BOWER OF BEAUTY

*Plant Early for  
Best Results*

“MIRACLE” BUSH CHERRY—This new bush cherry, illustrated above as it blossoms in the springtime, is the result of 40 years cross breeding. The fruit is large and delicious to eat from the bush and makes a wonderful jam of superb flavor and richest color imaginable. The bush branches from the ground up and is literally covered with its delicious fruit all along the full length of the twigs and branches, just as it is covered with attractive snow-white blossoms in the spring. The blossoms are followed by silvery green foliage, turning to rich red and gold in the fall, so that the bush is always highly ornamental. They are superb as a hedge or foundation planting, or as specimen shrubs planted anywhere in the garden. The fruit of course may all be picked without the use of a ladder. They are hardy from coast to coast and from the Gulf of Mexico right into Canada. The strong plants I will send are bearing size and will produce many times their cost in delicious fruit each season.

\$1.50 each; 3 for \$3.75; 6 for \$6.00; 12 for \$10.00.

**HOLLYHOCKS** in the modern style are not to be compared with the old-fashioned hollyhocks of grandmothers garden. There are no finer hardy plants for the garden than these showy towering spires of delightful pink, mauve, maroon, bright rose, yellow and white flowers. One stalk makes a huge bouquet. Strong plants, assorted colors, 50c each; 3 for \$1.00; 6 for \$1.50; 12 for \$2.25; 100 for \$15.00.

**GAILLARDIA**—No hardy garden flower produces a greater profusion of bloom, flowering constantly from June until November, even in the hottest, driest soil. The improved strain I am offering are huge yellow daisy-like flowers with a brilliant band of red. Excellent as cut flowers. 35c each; 3 for 75c; 6 for \$1.25; 12 for \$2.00; 100 for \$13.50.

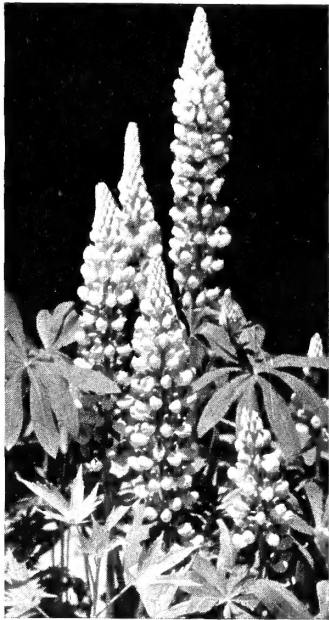

**AQUILEGIA (Columbine)**—Every gardener loves the dainty Columbine. I have a grand assortment in a dazzling array of colors in the finest new long-spurred hybrids as illustrated above, 35c each; 3 for 75c; 6 for \$1.25; 12 for \$2.00; 100 for \$13.50.

**SWEET WILLIAMS**—Plant 8 to 12 inches apart in full sun. I have all the best varieties, such as Black King, Copper King, Crimson King, Harlequin mixed colors, choice doubles, Newport Pink, Scarlet Beauty, Snow Queen, etc. Strong plants, assorted colors, 35c each; 3 for 75c; 6 for \$1.25; 12 for \$2.00; 100 for \$13.50.

**HARDY SWEET PEAS**—Come up year after year, each plant covering several feet of trellis or low fence. The flowers grow in clusters as shown in the above illustration, one cluster forming a nice corsage bouquet. Pink, Red, White, Assorted Colors. Strong plants, 35c each; 3 for 75c; 6 for \$1.25; 12 for \$2.00; 100 for \$13.50.

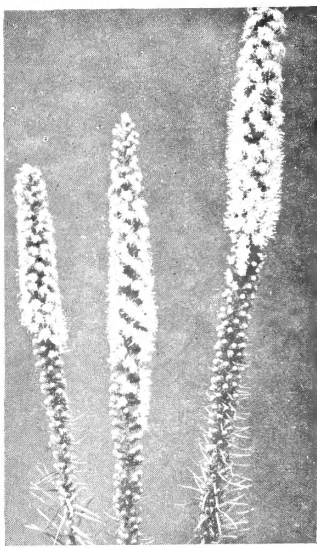

**RUSSELL LUPINS**—Sensational new strain. Extraordinary colors; new shades; huge flowers, perfect form, prodigious bloomers. 75c each; 3 for \$2.00; 6 for \$3.75; 12 for \$6.00.

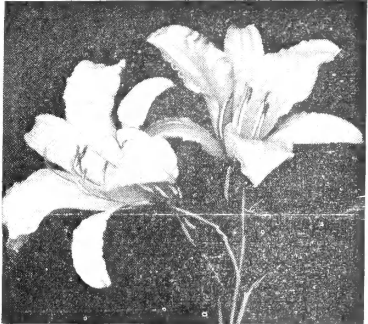

**SALVIA AZUREA (Blue Sage)**—Extremely hardy, with delightful rich sky blue flowers, generously produced summer and fall. Nothing nicer where blue flowers are wanted. 35c each; 3 for 75c; 6 for \$1.25; 12 for \$2.00; 100 for \$13.50.

**CAMPANULA "Telham Beauty"**—A grand new variety producing large flowers of a lovely shade of China Blue, with silvery shadings inside. Flowers June and July. Given an Award of Merit by the Royal Horticultural Society. 50c each; 3 for \$1.00; 6 for \$1.50; 12 for \$2.25; 100 for \$15.00.

**LIATRIS (Blazing Star or Gayfeather)**—An excellent cut flower or garden subject, with feathery lilac flowers along a delphinium-like stalk. 35c each; 3 for 75c; 6 for \$1.25; 12 for \$2.00; 100 for \$13.50.

**HARDY DAYLILIES**—A special collection of 6 choice varieties all different for \$2.50, offered for Spring shipment; May, June, July, August bloomers, light to deep yellows. Plant them now for best results.

**NEW HARDY VIOLAS**—The plants I am offering are such beauties as you have never seen before. Violas are the happy result of crossing our hardy Violets with Pansies, producing the vigor of the violet with the beauty of the finest pansies. Plant now for blooms this season. Ruby reds, purples, pure blues, yellows, whites, apricot and peach tones, assorted. 35c each; 3 for 75c; 6 for \$1.25; 12 for \$2.00; 100 for \$13.50.

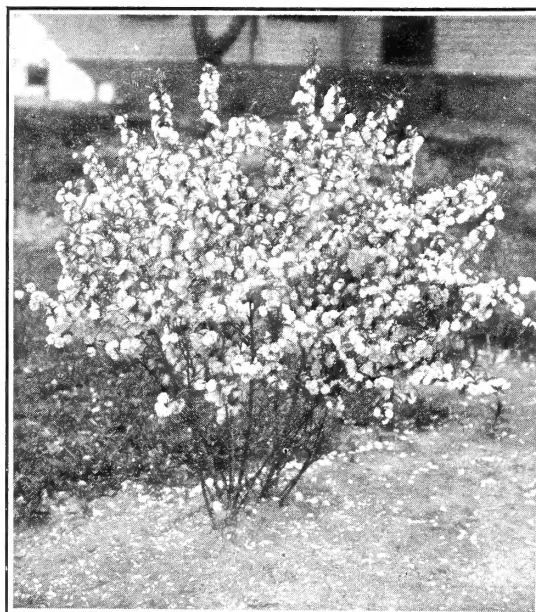

**REDBUD**—Extremely showy shrubs, with the twigs literally covered with bright pink flowers in the early spring as shown by the illustration, the flowers appearing before the foliage unfolds. The foliage is handsome. An attraction in any landscape, as a specimen shrub or a hedge. 50c each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.

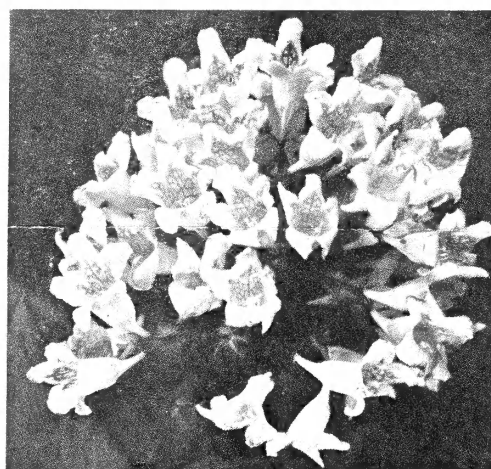

**SMOKE BUSH**—As will be seen by the photographic reproduction above, this very unusual bush is well named. The billowy effect of a cloud of smoke is created by the multitude of soft smoky lavender flowers of downy softness that completely cover this shrub. Nothing is more beautiful as the bush sways in the breeze. 75c each; 3 for \$2.00; 6 for \$3.50.

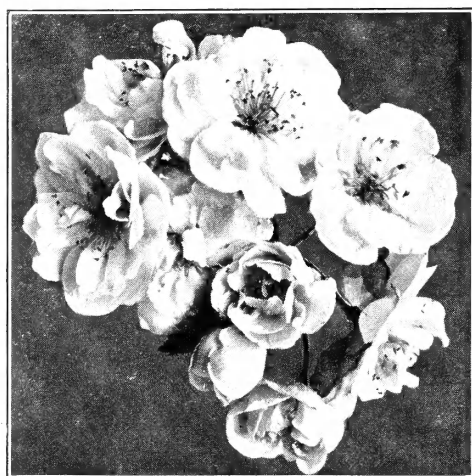

**HYDRANGEA ARBORESCENS GRANDIFLORA**—This shrub is well known for its great profusion of late summer and fall bloom. It can be used as a specimen shrub, as illustrated above, and is superb as a flowering hedge. Extra strong plants, 75c each; 3 for \$2.00; 6 for \$3.50; 12 for \$6.00; 25 for \$10.00.

**DOUBLE FLOWERING ALMOND**—This is in my opinion the very finest of all the early flowering small flowering shrubs. The artistic double bright rose pink blossoms are much like a button or pompon chrysanthemum, and as shown by the above illustration they are produced in greatest profusion. Hardy anywhere. \$1.00 each; 3 for \$2.50; 6 for \$4.50.

**WEIGELIA "ROSEA"**—The very handsome pink trumpet shaped flowers produced by this fine shrub are produced in the greatest profusion in early summer. Like all of the other items offered in this special sale they are hardy and easy to grow anywhere. Extra strong heavy plants, 75c each; 3 for \$2.00; 6 for \$3.50; 12 for \$6.00; 25 for \$10.00.

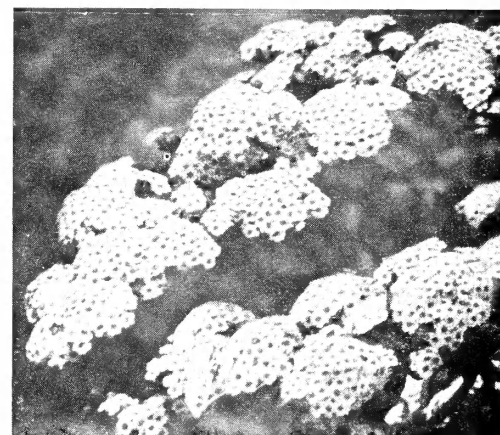

**MOCK ORANGE**—Are extremely ornamental and showy. You may have the double Mock Orange as illustrated above or the Big Sweet Scented Single. Fine strong 4 foot plants, 75c each; 3 for \$2.00; 6 for \$3.50; 12 for \$6.00; 25 for \$10.00.

**SPIRAEA "Van Houttei"**—As will be seen by the illustration above, there is no finer shrub than this for a white flowering hedge or foundation planting as it is completely covered with flowers from the ground up. The foliage, which follows the flowers, is fern-like and attractive. Fine strong plants, 50c each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.75; 25 for \$7.00.

**SNOWBERRY (or Waxberry)**—A hardy shrub, which grows 3 to 4 ft. high, the principal attraction of which is the abundant crop of snow-white berries and ornamental foliage. 50c each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.

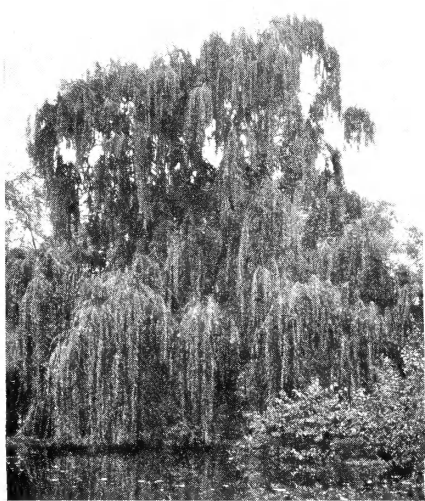

**SPIRAEA "Anthony Waterer"**—This variety is equally as attractive as "Van Houttei" but the flowers are pink with a deeper eye. 50c each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.75; 25 for \$7.00.

**DEUTZIA "Pride of Rochester"**—I consider this the finest of all the Deutzias, with its wealth of double rosette-like snow-white flowers in early spring. Fine for a lawn specimen or to use as a hedge. I have some extra strong 4 foot shrubs ready to flower, at 75c each; 3 for \$2.00; 6 for \$3.50; 12 for \$6.00; 25 for \$10.00.

**BABYLON WEeping WILLOWS**—See above illustration. Young 2-3 foot trees, just the right size for planting. Will make rapid growth. 50c each; 3 for \$1.25.

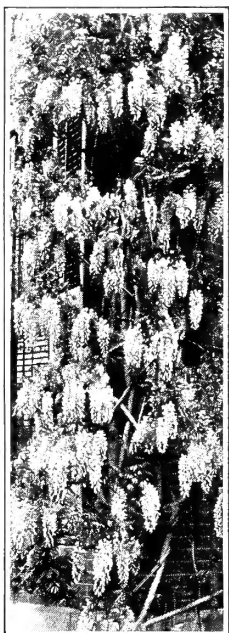

**HUGONIS, SHRUB ROSE**

**THE GOLDEN ROSE OF CHINA**—Every twig is covered with sparkling yellow flowers, just like the illustration, during May and June. The bush grows 6 to 8 feet tall and is ornamental

at all times, the pendulous branches being covered with fine lacy foliage, reminding one of a huge fern. 75c each; 3 for \$1.75; 6 for \$3.00; 12 for \$5.00.

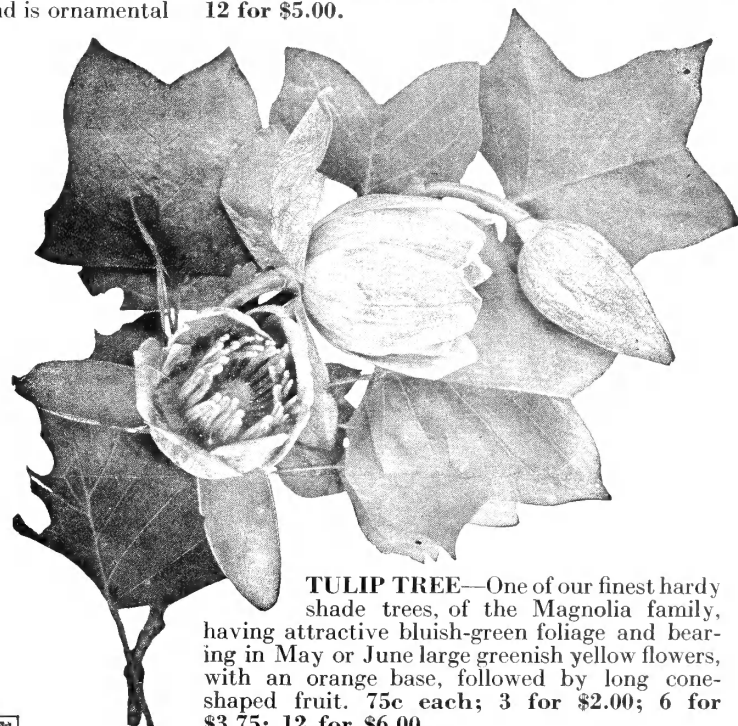

**PIN OAK**—The most handsome, useful and ornamental of the Oaks, especially for small grounds or street planting. Small trees. 50c each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.

**“SUPER” WISTERIA**—Strong, robust, flowering size plants ready to bloom. Many people have had the great disappointment of buying cheap Wisterias and growing them for years without blossoms. You will never have this experience with the plants I am offering, as they are all grafted plants, grown from flowering wood and every plant will furnish a great profusion of bloom, just as shown by the illustration at the left. The huge plants I will send are huge Super-Quality plants. They look more like trees.

**SUPER-WISTERIA**

**WHITE or PURPLE**—Your Choice \$1.50 each; 3 for \$3.75; 6 for \$6.00

**TULIP TREE**—One of our finest hardy shade trees, of the Magnolia family, having attractive bluish-green foliage and bearing in May or June large greenish yellow flowers, with an orange base, followed by long cone-shaped fruit. 75c each; 3 for \$2.00; 6 for \$3.75; 12 for \$6.00.

**FLOWERING CRABS**—Ornamental spring flowering trees.  
**“Floribunda”** (Japanese)—White flowers. \$1.50.  
**“New Red Flesh”**—Red flowers and fruit. \$2.50.  
**“Red Silver”**—Red leaf, bark and flowers, foliage tinselled silver underneath. \$2.50.  
 All crabs are strong 3 to 4 foot trees.

**DOGWOOD TREES**—Are always attractive, in the spring when they are loaded with blossoms, during the summer when their foliage is attractive, and in the fall when they are the first to change to a brilliant red.

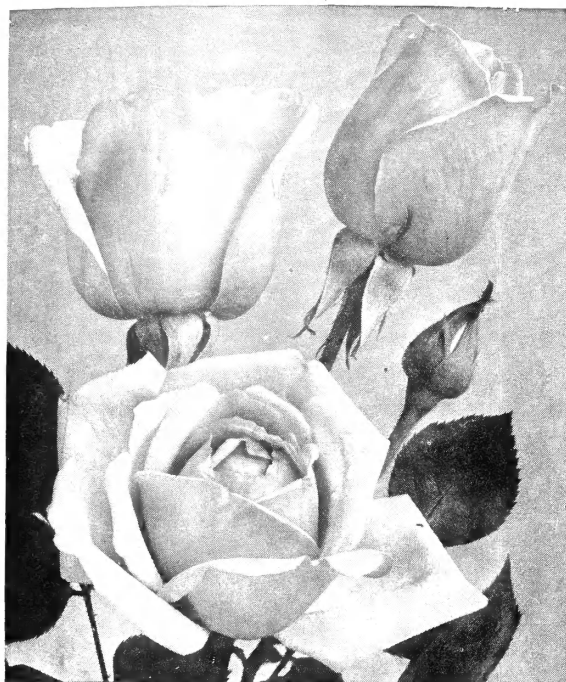

**Single White Flowering**—75c each; 3 for \$2.00; 6 for \$3.50; 12 for \$6.00.

**Double White**—Large rosette-like double blossoms. \$2.50 each; 3 for \$6.50; 6 for \$12.00.

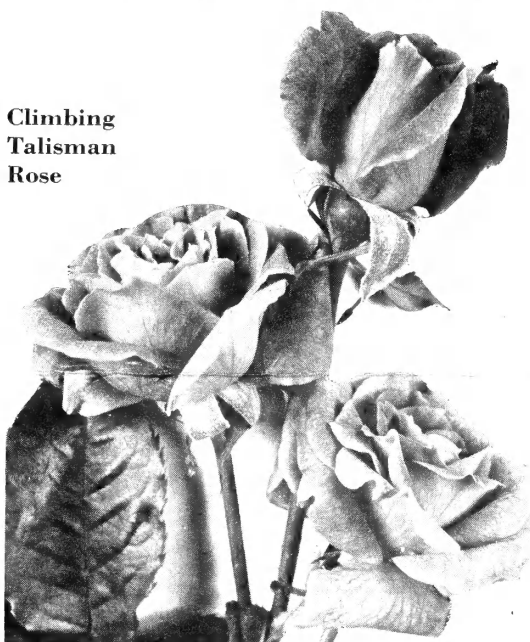

**Red Flowering**—\$2.50 each; 3 for \$6.50; 6 for \$12.00.

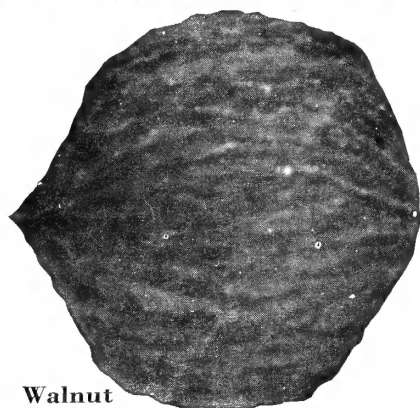

**SILVER MAPLE**—Superb as shade trees. Popular for street planting. Strong 6 to 8 foot trees. \$1.00 each; 3 for \$2.50; 6 for \$4.00; 12 for \$7.00.

## ANOKA APPLE TREE Best for the Home Garden

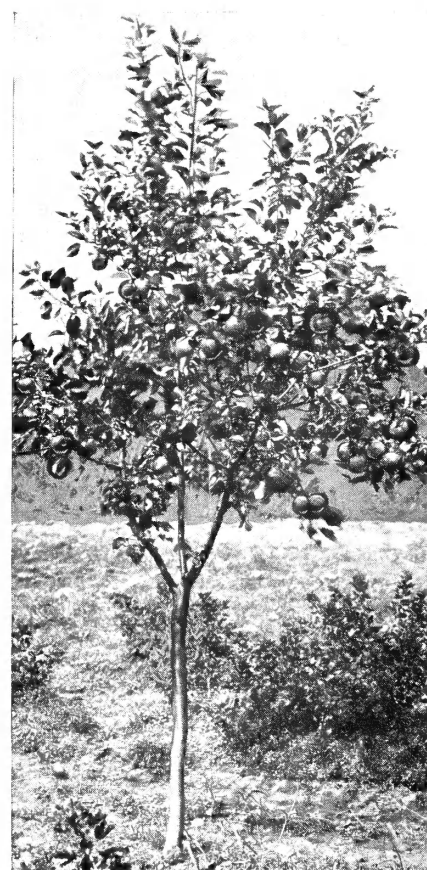

Bears Fruit the First or Second Year after Planting.  
Bears large crops of delicious apples EVERY YEAR.  
An Excellent Summer Eating Apple and a superb cooker.  
Disease resistant and hardy even in our coldest northern states and up into Canada.  
No other apple can combine the wonderful flavor, early bearing, and great productiveness of the Anoka Apple. The fruit is of good size and beautifully striped red. There is no other apple like Anoka. It is a new apple and the result of many years of hard work and thousands of crosses. It was the one selected as the culmination of all these efforts as combining all of the best points of hardiness, early bearing, productiveness and superb flavor. Being of medium dwarf habit it is the best apple for the small garden. The size, color, and flavor of Anoka apple are sure to make it a great favorite. In addition to its abundant crop of delicious fruit, nothing excels it in beauty when it is loaded down with blossoms in the springtime. It's an investment, not an expense, as every tree will pay for itself several times over each year in delicious fruit.  
Husky Trees, ready to bear, \$1.25 each; 3 for \$3.00; 6 for \$5.00; 12 for \$9.00.

## \$250,000 FOR 80 ACRES OF WALNUT TIMBER

Very few people realize the timber value of walnut trees, yet during the last World War a farmer in Iowa sold his 80 acres of Walnut Timber from trees planted 40 feet apart for TWO HUNDRED AND FIFTY THOUSAND DOLLARS. He had meantime been making a living from them selling the nuts by the carload in the Chicago market. Even during peace times, within the last four years, as high as \$450 has been paid for a single tree. I have for many years been advocating the planting of spare land in Walnut trees for future profit. Once planted they require little or no care.  
For the home garden there is no finer looking or more useful shade tree. It is therefore a three purpose tree; while it is developing into a beautiful shade tree and producing luscious nuts, it is also increasing in timber value from year to year. The timber is used for gun stocks and therefore demands a high price during war times; and is also always scarce enough to demand a high price during peace times.  
So whether you wish just one or more shade trees for the home garden, or have some spare land somewhere and have an eye to the future, I again recommend

### **“Good Will” Long Season Iris Collection** **25 PLANTS ALL DIFFERENT FOR \$2.00**

This is a remarkable collection that will give you a representative display of the newer Iris shades and colors. **EVERY PLANT WILL BE A DIFFERENT VARIETY.** Together they will give you a brilliant galaxy of lovely and harmonious colors and blends (or you may have all one color if you wish). In addition to all this it will include Autumn Flowering Iris which flower in early spring and again in the fall; and Pogocyclus Hybrids. Of course the plants will not be separately labelled, but it will be a definitely “assembled” collection, with each variety especially selected. They are hardy anywhere.

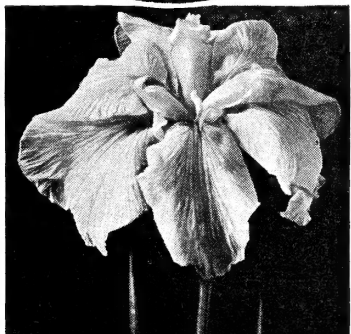

### **18 WORLD'S FINEST SIBERIAN IRIS FOR \$2.00**

This very unusual collection will contain many of the finest Siberian Iris obtainable anywhere in the world at any price. Varieties will be included in this collection that originally sold at \$5.00 to \$25.00 a plant. They are prodigious bloomers and make excellent cut flowers. In form they differ from all other Iris and deserve a place in every garden. They will flower gloriously in sun or partial shade, in a wet or a dry spot and in any ordinary garden soil and of course they are hardy anywhere. One plant soon makes a clump that will produce hundreds of flowers. While the individual plants will be unlabelled the varieties will be selected to assure a full color range. Early spring is the best time to plant them.

### **15 SUMMER-BLOOMING JAPANESE IRIS—\$2**

They flower after the above two groups of Iris have finished blooming and thus extend the flowering season for about 30 days during the summer months. They are the most showy of all Iris and if I could have just one group of Iris it would be the Japanese Iris. They come at a time when other flowers are scarce in the garden. They are of huge size, some being as large as a dinner plate. There are soft pastel colors to gorgeously brilliant tones, solid colors, striped and blended ones. Japanese Iris are still quite scarce in this country and not many gardens enjoy their distinctive beauty. My own collection of several hundred varieties, assembled throughout a lifetime of plant collecting, is one of the finest in the world. You are sure of something unusual and beautiful in your garden if you order this collection. I guarantee that each collection will contain one or more plants of Nishki-Yama, which I consider the world's finest Iris. While the individual plants will be unlabelled, the varieties will be selected to assure a full color range. Best results are obtained from early spring planting.
